Dear Ann:

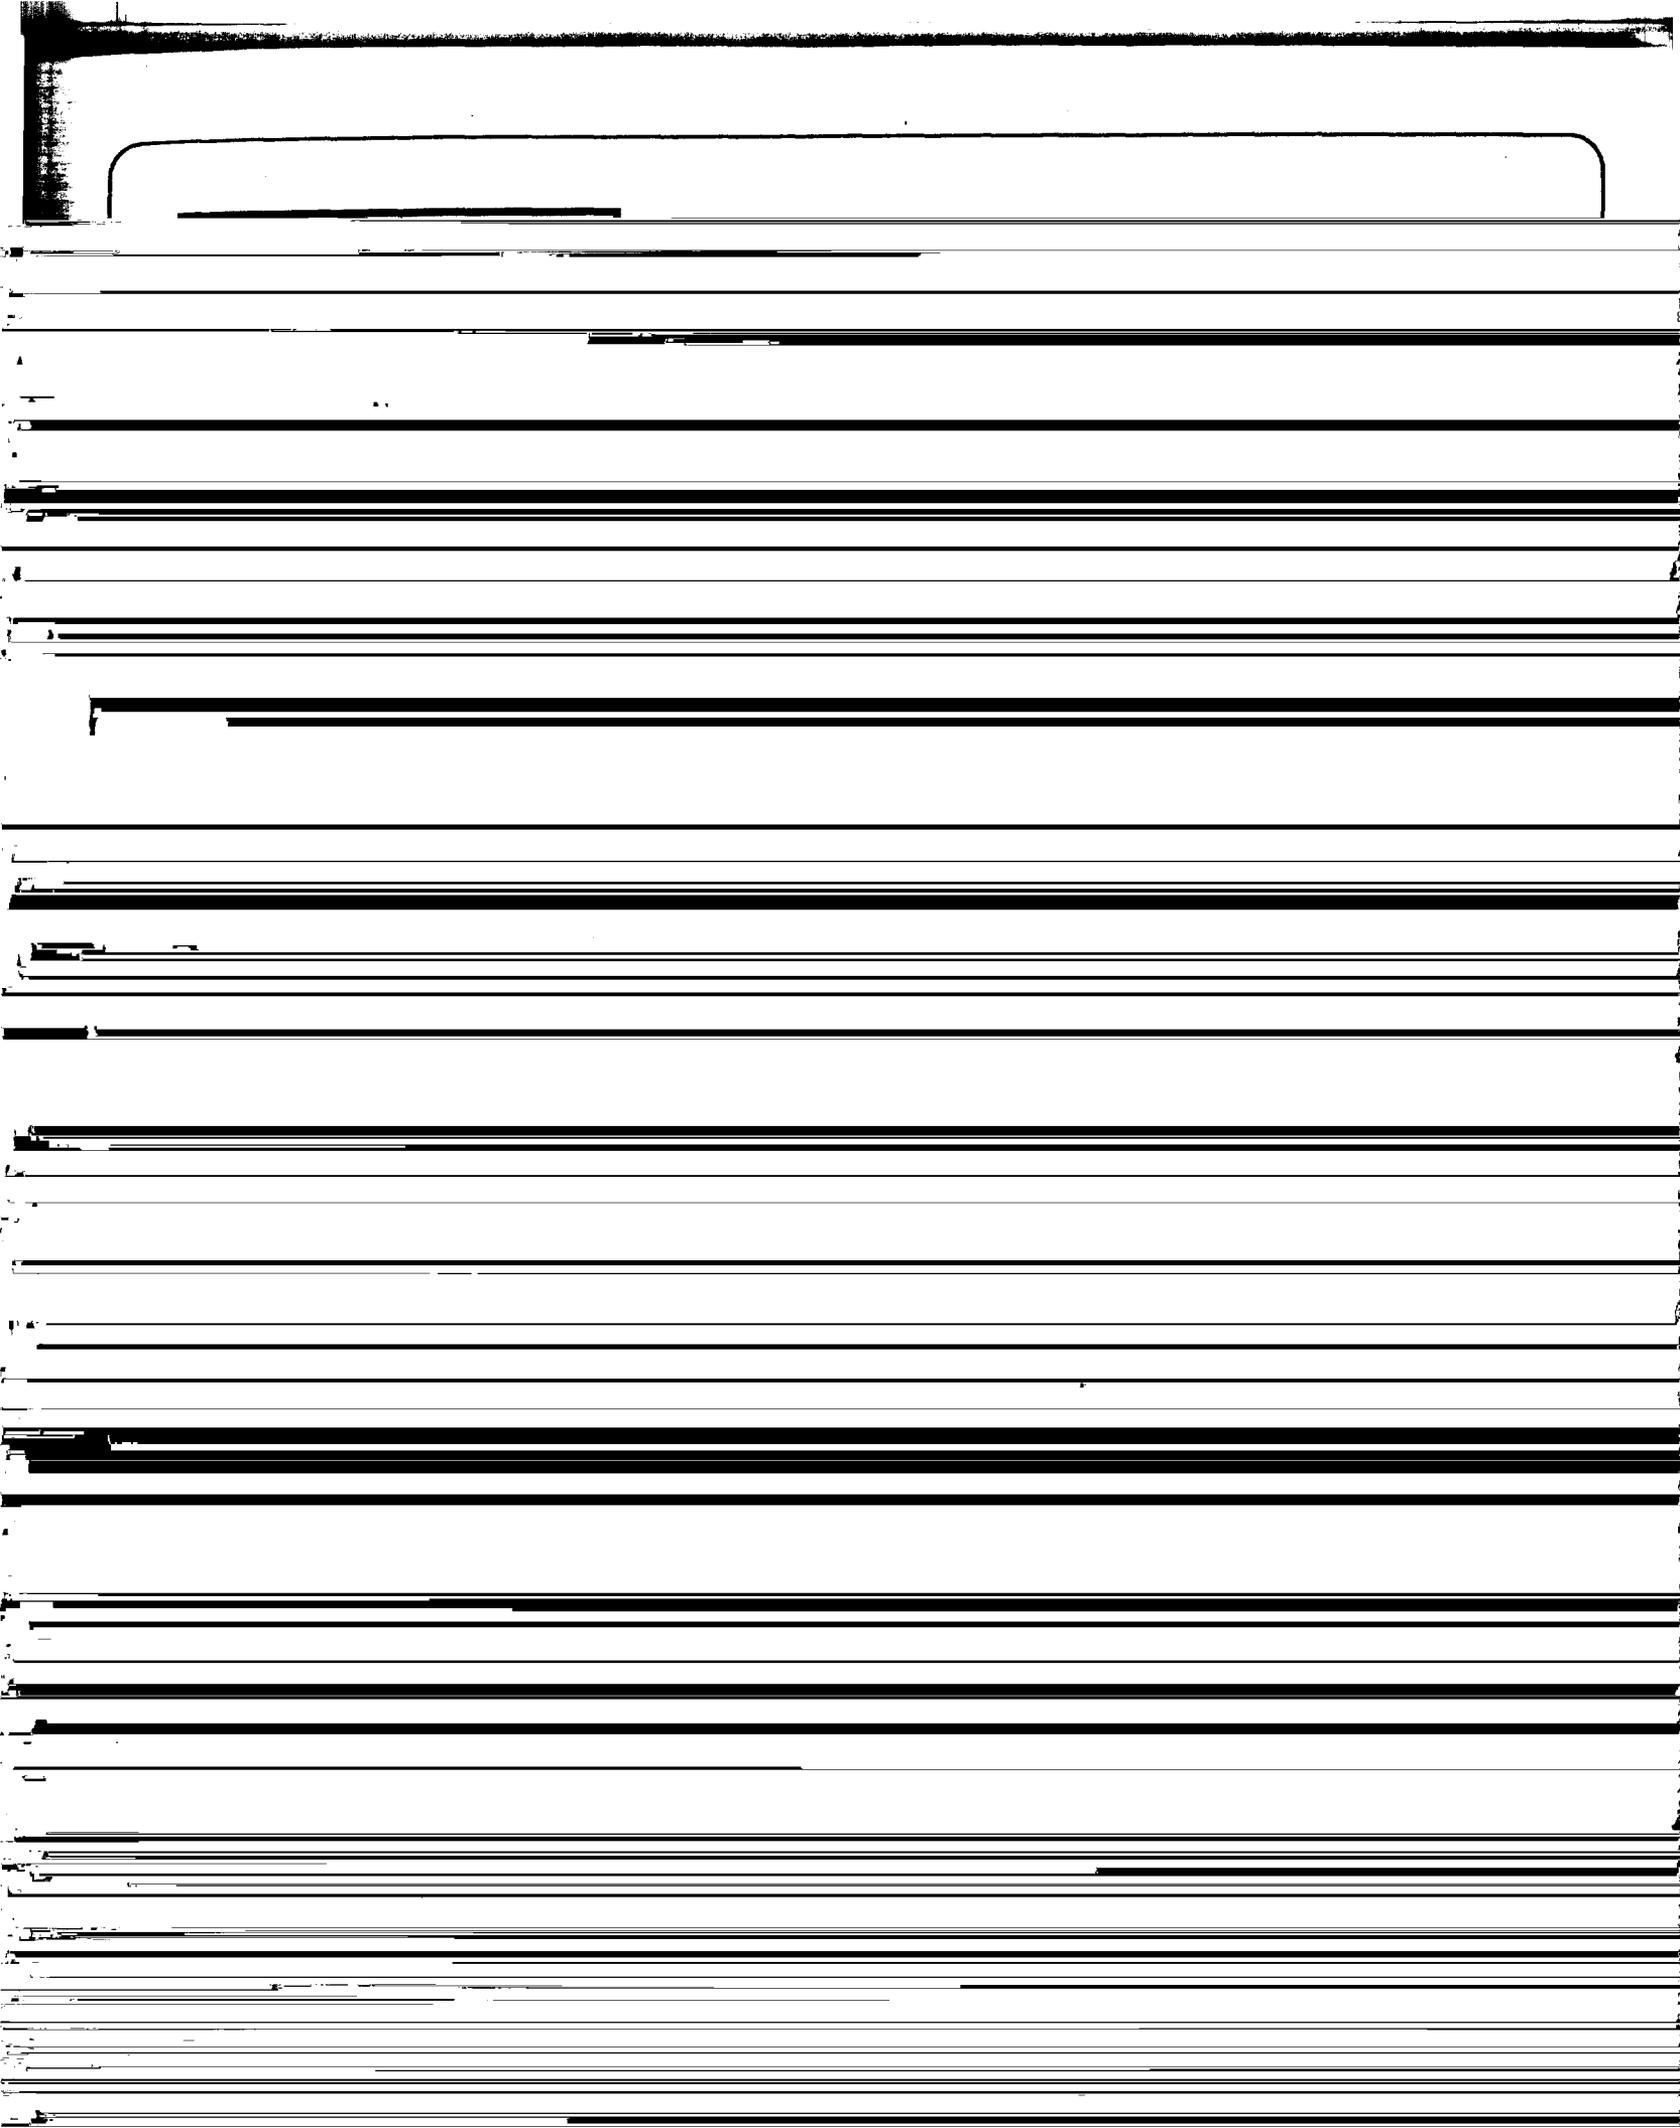

Thank you very much for providing us, free of charge, the Public Service Announcement tapes with Ninfa Lorenzo promoting Cancer Stop.

The number of women who have heard about Cancer Stop through the Home Shopping Club is unbelievable! Your support and the support of your television station with this project has enabled us to reach many women who may have otherwise never considered being screened for breast and/or cervical cancer.

Again, I appreciate your generosity and support, and look forward to working with you and your station on future projects!

Sincerely,

Dear Ann:

As we embark upon the 25th Anniversary of the death of Dr. Martin Luther King, we are reminded of your special diligence and exceptional work on behalf of Black Heritage Society over the past six years. Surely Ann, your consideration and concern in putting together our PSA tapes as well as your inspired coverage has done more to "Keep the Dream Alive" than any other single thing!

Black Heritage Society tips its hat to Channel 67 and to you Ann, and we are always ready to stand up and be counted as your staunch supporters.

Because of the historical significance of this event (for January 18, 1993), we find it necessary to start now in getting the word/news out to the public. We are again asking your help and expertise in making this 25th anniversary celebration a success. I will be in touch with you right away so that we may be worked into your schedule at the station.

Again Ann, thank you for being there, for your unique insight and love.

Sincerely,

Dear Ms. Dicks:

On behalf of the National Multiple Sclerosis Society, I want to thank you for your use of our recent public service announcements. Your help is deeply appreciated in educating the public about this majorcrippler of young adults and about how the so-called disabled are also among life's achievers.

We're thrilled to report that we've had great positive response on our toll-free telephone line from your area.

Thanks once again from the million or more of us impacted by the disabling effects of multiple sclerosis.

Dear Ms. Tribble:

Your employee, Denise Dick, interviewed several Internal Revenue employees in February, asking questions regarding income taxes, electronic filing, and educational programs in our organization. Indeed, it was very wise to do this interview early in the filing season.

Many people are calling my office to report that short segments of the interviews are being shown frequently on your station. Imparting this information to your viewers is a great benefit to the taxpayers, who are working on their tax returns.

Thanks for making all this happen. A special thanks to Denise and all the staff at the Houston District Office.

Dear Public Service Director,

On behalf of everyone at the Boys Town National Hotline, we would like to offer you our sincere thanks for airing Boys Town Public Service Announcements. Please accept the enclosed Boys Town Certificate in recognition and appreciation of your support and generosity.

The Boys Town National Hotline is a free service offering help to kids who are being abused, running away, using drugs or alcohol, thinking about suicide, or have any other problems they find troubling. The Hotline also helps prevent child abuse by helping parents learn better ways to communicate with their children.

Thanks to you and other stations like you, we currently get 1,700 calls per day from around the country. This means our counselors have been available to help more than a million children and families with their problems.

We are deeply appreciative of your help in airing these PSAs. Together, we really can reach your audience with the information they may need to live happier and healthier lives.

With greatest regards,

Barbara Lonborg

Dear Ms. Ann Ren:

On behalf of all the families here at STRAIGHT-Houston, I would like to extend our sincerest appreciation to you for your support and consideration of our program. Your contribution of airtime was very thoughtful and we are very grateful that you choose STRAIGHT to help continue the education of the public on the effects of chemical substance abuse on the family and adolescent.

As we move ahead in our goal of helping young people and their families, whose lives have nearly been destroyed by drug abuse, we know that we are only able to do so because of such caring stations as KSHS-67 Home Shopping Network. As the miracle of recovery continues to unfold, you can feel you have played an important part of the solution to this growing epidemic.

Again, thank you for helping us reach out to a few more families in need. If we can be of any further assistance please call me at (713) 774-2556.

RE: "In Your Interest" (SIDS)

Dear Ann:

Thank you very much for our copy of the "In Your Interest" series on SIDS. The segments are very well done, and should go a long way toward educating your viewing audience about Sudden Infant Death Syndrome.

We would like to share the dates and times with members of our local and Houston support groups and Board of Directors. We will contact you for this information closer to April 1st.

Your interest in this field is greatly needed and appreciated. If we can be of further assistance to you, either now or in the future, please feel free to call.

Thank you for providing professional insight into the career and/or career cluster for the senior students at Alvin High School. Your expertise in the career field provided meaningful information to the high school students as they continue to make career decisions using all resources available to them. A good career decision will ensure that students will complete their training and educational objectives and in turn will become productive and happy citizens.

There were many positive remarks made about the career day program from students and teachers alike. Based on the success of the career day program, plans are being formulated to expand the activity to include the freshman, sophomore and junior classes for the coming year.

Your involvement in the preparation of the students in the Alvin Independent School District for their lifes' work is appreciated.

Dear Ann:

Thank you very much for featuring the Mark Kilroy Foundation on KSHS's program "In Your Interest." We appreciate your recognition of the Foundation and its efforts to address the anti-drug needs of our community. Denise did an excellent interview and we have heard a number of positive comments in regard to this program.

The establishment of a long term residential drug and alcohol rehabilitation shelter in our area has been a top priority for the Foundation. Your program, in addition to the profits from the sale of our book SACRIFICE, is helping us take a step closer to that goal.

As you requested, enclosed is a receipt for the book purchase, and we thank you again for your support.

Dear Ann:

How can we ever begin to say thank you...You, Denise and Channel 67 made our day!

We want you to know that the "Hot Diggity Dog Day A.D.A." picnic celebration will be a day to remember for a long time to come. It started out with your arrival before the event began. The taping of "In Your Interest" with Steve was so professionally done, as always. We loved how you tied the interview in with our event. It looks like Denise was able to shoot lots of B roll for the public service spot. We can't wait to see it!

Ann, it's always a pleasure to work with you. We're so glad you came back to Goodwill. We love to tell our story...and look forward to another great public response to your special efforts on our behalf. Thank you again to both you and Denise.

Congratulations again on your two children. Also, I'm anxious to see your new haircut!

Dear Jodie,

We would like to express our thanks for the support Ann Pen and KSHH-TV are giving to the 1991 United Way campaign. Ann's attendance at our 1991 Media Professionals luncheon meant a lot to everyone working on this year's campaign effort.

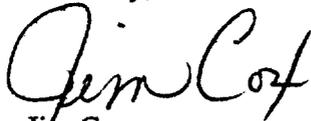

We truly believe in our campaign theme -- "The United Way -- It brings out the best in all of us!" That is why we are targeting a 10 percent increase in donations, enabling us to offer the expanded programs and services the Houston area community needs. With your continued support, I am optimistic that our \$67.7 million goal will be reached.

Another United Way campaign goal is recognizing the media for your support. We plan to check with Ann regularly to see if our staff can assist her in finding exclusive or innovative stories. Follow up calls will also be made to learn about the coverage your organization is donating to the campaign. This information will be passed on to some of Houston's leading CEOs during our Campaign Leadership Meeting on Thursday, Sept. 19 at 7:30 a.m. at the Texas Commerce Bank auditorium, 601 Travis. I want to be sure that we personally recognize your organization for its efforts to make this year's campaign a success.

You are also invited to attend the meeting to be recognized for your station's commitment and to learn more about our campaign. It would be a great chance to tell the Houston business community how committed your organization is to the community through the United Way. If you are interested in attending please contact, Kelli Stevens at 685-2741 by Sept. 16 so you can be included in our meeting agenda.

Again, let me thank you for all KSHH-TV has done for the United Way campaign. We are looking forward to working with Ann in the following months. Together, we will bring out the best in all of us!

Dear Ann,

I can't begin to tell you how very pleased I was with the interviews KHSH did, with myself and the other staff members, concerning dyslexia and The Kent School. I have done numerous interviews over the course of fifteen years, and none could begin to surpass the quality I saw represented in your station's work.

It gave me a great deal of pleasure to learn that many individuals have received the guidance and help they deserve thanks to your station's concern for the communities they serve. You will be pleased to learn that The Kent School, and my office, have been overwhelmed with calls since these interviews began airing.

Once again, I commend your station for taking an interest in the communities we both serve, and I hope you will continue to support The Kent School in their efforts to educate the public about dyslexia.
